

- *A mother should watch her son grow up.*
- *A son should know his mother.*
- *Neither of these events would happen due to a drunk driver.*

“The Magic of Life”

Michael Gershe’s, **“The Magic of Life” Alcohol Awareness Presentation** combines humor, audience participation, and his true story about being hit by a drunken driver that killed his mother and almost himself when he was 8 weeks old. Audiences will laugh, cry, and think about their own futures as this former collegiate swimmer talks about

drunk driving, binge drinking, peer pressure, and the pursuit of one’s dreams. Michael has been called, “one of the most touching and inspirational speakers I’ve ever had the pleasure to hear.”

“I connected with your story and I enjoyed every moment. Thank you for your humor and honesty.” Erin, Lake Erie College
