Macaw has been bringing its unique blend of dancemusic from the Caribbean and around the world to Ohio's premier events for over 10 years. With a presentation as colorful and exciting as the bird itself, Macaw combines the sounds of the steel drums, conga drums, and other traditional world music instruments with the guitars, and keyboards of American pop music. Add to this Macaw's beautiful four-part harmonies and you have an entertainment experience you won't soon forget.

American Worldbeat Music, the best of both worlds... only from Macaw

"I would not hesitate to recommend Macaw to anyone planning a special event who wants quality and fun entertainment. You left us smiling... we couldn't ask for more!"
